

Binocular Microscope Camera Solutions (For Zeiss)

» Upright microscopes

Primo Star

Solution ① (Smart Embedded Display Camera)

Solution ② (Smart Embedded Camera)

Solution ③ (WiFi Embedded Camera)

Installation with microscopes

Solution	Solution①	Solution②	Solution③
Customized Android OS	●	●	
Coming with Office software	●	●	
15.6"high color gamut monitor	●		
Image output methods			
5G WiFi	●	●	●
USB			●
HDMI	●	●	●
WAN			●

Note: ● Supported. Solution③ HDMI output method is limited to 12.0MP cameras only.

Trinocular Microscope Camera Solutions (For Zeiss)

» For Entry-level, research-level upright biological, stereo microscopes

Axio Examiner, Primo, Axio Imager, Axiolab, Axioscope, Axio Observer, Stemi 508, Axiolab 5 and so on

Solution ① (Smart Display Camera)

0.43X dovetail models or C-mount models

Solution ② (Smart Camera)

0.43X dovetail models or C-mount models

Solution ③ (WiFi Camera)

0.43X dovetail models or C-mount models

Installation with microscopes

Solution	Solution①	Solution②	Solution③
Customized Android OS	●	●	
Coming with Office software	●	●	
15.6"high color gamut monitor	●

5G WiFi	●	●	●
USB			●
HDMI	●	●	●
WAN			●

Note: ● Supported. Solution③ HDMI output method is limited to 12.0MP cameras only.

» For research-level upright microscopes

Axio Examiner,Primo,
Axio Imager,Axiolab,
Axioscope and so on

Solution ④ (Multi-person viewing workstation)

0.43X dovetail models or C-mount model

Solution ⑤ (Dual-CMOS camera)

0.63X dovetail models

Solution	Solution④	Solution⑤
Customized Android OS		
Coming with Office software		
15.6" high color gamut monitor		
Image output methods		
5G WiFi	●	●
USB		●
HDMI		
WAN	●	●

Note: ● Supported.

» For Inverted microscope

Axio Vert and so on

Solution ① (Smart Display Camera)

0.43X dovetail models or C-mount models

Solution ③ (WiFi Camera)

0.43X dovetail models or C-mount models

Solution	Solution①	Solution③
